

1 International Network for Sustainable Financial Policy Insights, Research and Exchange (INSPIRE)

Call for Research & Policy Project Proposals

Environment-related financial risks and regulatory capital requirements

20 June 2022

About the project submission form

Proposals can be submitted through the INSPIRE website here:

<https://inspiregreenfinance.org/calls-for-proposals/june-2022-climat...tal-requirements/>.

The submission form requests you to complete the following questions. You can save your progress which can be accessed via a unique link you must save or can be emailed. Please check your spam folder for this email. We recommend you draft your responses prior entering them into the proposal form. Should you have any questions please contact INSPIRE via INSPIRE@climateworks.org.

The submission period will span 4 weeks and ends on **Wednesday, 20 July 2022, 23:59 GMT**.

Page 1: Research team

- Lead researcher's details. This person will be the primary contact for your research project. Include first name(s), last name, institutional affiliation(s), job title(s) and email. [Required]
- Enter details of all members of your research team (excluding lead contact). Include your co-applicant's first name(s), last name, institutional affiliation(s), job title(s) and emails. If this does not apply to your project, please write N/A. [Required]

Page 2: Research project details

- Research project title [Required]
- Abstract (Limit word count to 500 words) [Required]
- List the question(s) your research project will address [Required]

- If applicable, detail your projects focus on SIF member jurisdictions or participation to your project from leading SIF members [Optional]
- What is the knowledge gap your research project seeks to fill? How will your project complement the existing work of the SIF Secretariat and bring benefit to SIF members? [Required]
- Methodology and research design. What theories, methods and data will your research be based on? [Required]

Page 3: Policy implications, publications and dissemination

- What are the policy implications for central banks and supervisors and how would your proposed research project advance concrete financial policy measures? [Required]
- What format will you publish your findings? If applicable, which journals will you target? [Required]
- How do you plan to disseminate your research output to policymakers and regulators, as well as wider audiences, e.g., via webinars, workshops, blogs, social media? [Required]

Page 4: Research project timeline

- Start date assuming that the project receives a green light 1st September [Required]
- End date i.e. disseminating working papers, communicating findings in webinars etc.. [Required]
- Detail the key milestones within your project's timeline [Required]

Page 5: Budget

- Requested budget (in US\$) [Required]
- Detail how your requested budget will be allocated [Required]

Page 6: Joining INSPIRE

- Where did you hear about INSPIRE? [Required]
- Where did you hear about this call? [Required]
- How do you expect to benefit from being part of INSPIRE? [Optional]
- What are your expectations from the network and how could it be beneficial for your project? [Optional]
